## Worksheet

### Activity 1: Sequence of events

This simple exercise is designed to develop students' sense of chronology.

List in chronological order the sequence of events, and draw the route, that brought the plague from Central Asia to Scotland.

If these particular events had not taken place, might the plague not have spread to Scotland? Give reasons.

### Activity 2: Why did the Plague spread so far?

This exercise looks at the issue of causation.

What determined where the plague spread, and where it didn't?
